<u>Minutes of Committee meeting held on 24/11/2020 Settlers Green Home Owners Association</u> following the AGM

Location: Clubhouse

Present: Chris Herbert (CH), Gordon Dracup (GD), Kerri Brimfield (KB), Merissa Barden (MB), Linda Gilchrist (LG), James Scott (JS), Greg Hastie (GH), Roger O'Grady (ROG), Adem Adil (AA)

Apologies: None

Meeting opened at 6 p.m.

Minutes taken:

1. Appointment of new Executive Committee:

Greg Hastie – elected President Gordon Dracup – elected Vice President James Scott – re-elected Treasurer Chris Herbert – elected Secretary

Given the number of new members to the Committee, there was discussion around some duties to be carried out and the need for master keys to be returned from former Committee members and passed on to the new ones.

Additional roles were put in place:

Maintenance Committee – GH, ROG, AA, CH
Social Committee liaison – CH
Gardening Committee liaison – LG
Social Media representative – KB
Clubhouse maintenance – MB
External liaison including trade persons - GD

3. COVID19 review

As highlighted in previous Minutes, there is a regular review of the arrangements since the reopening of the clubhouse, 20th June, was undertaken. The Committee continues to monitor the NSW public health orders and will review clubhouse and pool restrictions as and when regulations are updated.

At this stage it was agreed to continue with the following:

J	Only open Clubhouse where bookings have been made
J	Maintain copies of attendance forms for individual bookings
J	Clubhouse usage and swimming pool area usage to remain separated apart from
	swimming pool area users having access to the one Clubhouse toilet
J	Maximum of 16 for Clubhouse bookings
J	Maximum of 30 for use of the swimming pool area

The booking system continues with the person making the booking receiving an email as to the COVID-19 risk requirements. Committee members are to check for bookings on their duty

week. Also, it was agreed to make it more transparent for all residents which Committee member is on duty any given week and to have easy access to contact details.

GD to take a look at options for upgrading the booking system.

4. Maintenance and 10 year plan

It was agreed that GH would email round to the Committee the existing 10 year maintenance plan that has been prepared. This is to be reviewed and discussed in more detail at the next Committee meeting.

There was discussion that there are some specific pieces of work that are likely to be required in 2021 where quotes are to be obtained that can be presented back to the Committee:

J	Swimming pool and surrounding area
J	Spa (leak has been identified)
J	Tennis lights
J	Top coat of roads

CH and MB to work on an operations manual for use of different areas of the Estate including the swimming pool pumps, tennis court lights and CCTV.

5. Arranging the next Committee meeting

It was agreed that the next Committee meeting would be held on 3 February 2021 at 7pm at the Clubhouse.

Meeting closed at 7.30 pm.

Welcome everyone on the estate to this new way of conducting meetings, some of you will be a little too familiar with and rather over this format, and for some this is a new experience.

Little did we know what 2020 would hold for us all in every sphere of our lives, including the management of Settler's Green, indeed didn't I pick a corker of a year to take on the President's role! I would like to thank all those who stopped me at the coffee shop, sent cards, emails of support and other kind gestures recognising just what a time and mind slog this year has been.

Of course, I wasn't alone in all this fun, your committee has had to oversee unprecedented situations to manage the estate safely for us all. If anyone would have told me in December last year that in 2020, the clubhouse facility would be closed for a period of time and then managed with restrictions, I probably would have said..never will that happen. Never is no longer a word I use after 2020 because anything is possible. This year Santa is even visiting by appointment.

To the exec committee that I have had the pleasure to work with through many a trying and taxing time, I thank you all for giving your valuable time when often your work environment was presenting you with sufficient challenges already. To calculate the volunteer hours this year for the exec if we had a paid management group would have been a figure so large, I dare not even try to calculate.

Thank you to the various committees on the estate managed by a very capable volunteer crew – the gardening committee, maintenance committee and Social club committee, your hard work and countless volunteering hours has saved the estate an incalculable financial figure and made it a wonderful place to live. Thank you as well to those who do the odd jobs around, yet aren't formally on a committee we are all indebted to your generosity as well.

2020 has seen a changing of the guard with many of our longer-term residents moving to new adventures and with an exciting new crew joining us, many of whom I have had the pleasure to meet. For those I haven't had the chance to see as yet, I will pass on the details to the incoming committee.

Now to the bane of your committee's existence in 2020 – parking. For the significant majority in the estate who park in their garage, on their driveway or on the outside roads...it's a comfort break or tune out and grab a wine..quickly mind as I'm not going to bang on about it for long.

We all signed up for not parking on the shared road accessways when we decided to purchase a property in Settlers Green and there's a pretty simple and easy to understand reason for it – safety. The safety of our children and other pedestrians is paramount in our estate, parking on the fringes of

the roadways is not what you signed up for. It is there in black and white in the section 88B documents attached to your purchase documents. There are no exemptions.

Cars parked on the accessways also effect the ability of garbage trucks to provide the weekly service, the last thing we need is for our streets to be deemed to damn hard for garbage truck access and everyone in the estate dragging their bins to QSR.

My final word on this is about the endangerment to lives. Cars parked on the road access ways can inhibit the access for emergency services to attend a medical emergency or a house fire... I wouldn't want to be that person with a car parked such that caused the loss of precious minutes needed to save a life.

The estate is 30 years old now, and with that comes the need to refresh and reinvigorate the estate ongoing. Your committee in 2020 had great plans to refurbish the pool, alas contractual problems left us way too close to the swimming season to find an alternate provider. To keep the place fresh and alive there will need to be a serious look at our 10-year plan through the eyes of the new committee in 2020.

I realise there has been a mantra of keeping fees low, yes this is fabulous financially to the individual though not sustainable in the long term with aging infrastructure. The levies are not changing in 2021, though to continue this thinking is fraught.

Finally, your committee will have a lot of new faces in 2021, which is simply awesome from the nominations I have watched come through, it is important our estate have demographic representation to make the decisions that will take us into the 2020's. I wish the incoming committee well, and trust it will be a year of improvements and getting on with things.

I wish each and every family a wonderful Xmas and holiday season,

I will hand over to James Scott to give a financial update...

INDEPENDENT AUDIT REPORT

To the Member of Strata Plan 776652

Opinion

We have audited the financial report of Strata Plan No.776652, which comprises the statement of financial Position as at 31 August 2021, the statement of financial performance for the year then ended, and notes to financial statements, including a summary of significant accounting policies.

In our opinion, the accompanying financial report presents fairly, in all material respects, the financial position of Strata Plan 776652 as at 31 August 2021, and its financial performance for the year then ended in accordance with the accounting policies described in Notes to the financial statements and the financial reporting requirements of the Strata Schemes Management Act 2015.

Basis for Opinion

We conducted our audit in accordance with Australian Auditing Standards. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Report section of our report. We are independent of the Plan in accordance with the ethical requirements of the Accounting Professional and Ethical Standards Board's APES 110 Code of Ethics for Professional Accountants (the Code) that are relevant to our audit of the financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Emphasis of Matter - Basis of Accounting

We draw attention to Notes to the financial report, which describes the basis of accounting. The financial report has been prepared for distribution to the Members for the purpose of fulfilling the Owners Corporation's reporting obligations under the Strata Schemes Management Act 2015. As a result, the financial report may not be suitable for another purpose. Our opinion is not modified in respect of this matter.

The Owners Corporation's Responsibility for the Financial Report

The Owners Corporation are responsible for the preparation and fair presentation of the financial report in accordance with the accounting policies described in the Notes, and has determined that the accounting policies are appropriate to meet the requirement of the Strata Schemes Management Act 2015, and meet the needs of the members. The Owners Corporation's responsibility also includes such internal control as the Owners Corporation determines is necessary to enable the preparation and fair presentation of a financial report that is free from material misstatement, whether due to fraud or error.

In preparing the financial report, the Owners Corporation is responsible for assessing the Plan's ability to continue as a going concern, disclosing, as applicable, matters relating to going concern and using the going concern basis of accounting unless the Owners Corporation either intends to liquidate the Plan or to cease operations, or has no realistic alternative but to do so.

The Owners Corporation are responsible for overseeing the Plan's financial reporting process.

Russell R Farr & Associates CHARTERED ACCOUNTANTS

Auditor's Responsibility for the Audit of the Financial Report

Our objectives are to obtain reasonable assurance about whether the financial report as a whole is free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with the Australian Auditing Standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of this financial report.

As part of an audit in accordance with Australian Auditing Standards, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial report, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are
 appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of
 the Plan's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Owners Corporation.
- Conclude on the appropriateness of the Owners Corporation's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Plan's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial report or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Plan to cease to continue as a going concern.
- Evaluate the overall presentation extructure and content of the financial report, including the disclosures, and
 whether the financial report represents the underlying transactions and events in a manner that achieves fair
 presentation.

We communicate with the Owners Corporation regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.
